9/14/2015

Program Learning Outcomes

Current	Proposed
1. Graduate a multicultural group of students demonstrating successful accomplishment of the stated program objectives, validated by successful passage of the NCLEX licensure exam, according to California standards.	1. Students will successfully pass the NCLEX-PN licensure examination on their first attempt.
2. Students will be able to find employment as an LVN in the areas of nursing found in our community.	2. Licensed graduates will demonstrate entry level competence in delivering patient care for clients in hospitals, long-term care and subacute facilities, and/or community-based health care agencies.
